AUTHORIZED RATES FOR PUBLIC UTILITIES

SEASON OF 1926

All the rates of the authorized public utilities are approved by the Government. Therefore complaints regarding overcharges should be made to the superintendent. Employees of the hotels, camps, and transportation lines are not Government employees, but discourteous treatment by public-utility employees should be reported to the park administration.

HOTELS, LODGES, AND CAMPS

IMPORTANT NOTICE.—The closing of schools in California always brings a rush of visitors to the park immediately after June 15, and from that date to July 20 accommodations are usually all engaged in advance. Prospective visitors to the park, except those contemplating camping with their own outfits in the free public camping grounds, are warned, therefore, against undertaking the trip during that period without having applied in advance for reservations and having received confirmation of same.

Rates authorized herein are subject to change without notice on approval by the Director, National Park Service. Authorized changes in rates will be posted for public information in the park.

For the accommodation of those wishing to make trips on foot or horseback through the wonderful high country of the Yosemite National Park, the Yosemite Park & Curry Co. operates a chain of High Sierra camps conveniently located about a day's trip apart. These camps have proven their popularity during the 1924 and 1925 seasons. As a result of these years' experience the accommodations and meals offered will be improved during the 1926 season at a slightly higher rate.

The accommodations consist of dormitory tents with cots, ample blankets, and bed linen. A few small private tents are also provided. Meals are served camp style in a dining tent and include simple, wholesome food.

HOUSEKEEPING CAMPS

Yosemite Housekeeping Headquarters

Complete equipment for camping may be rented from the Yosemite Housekeeping Headquarters of the Yosemite Park & Curry Co., located in Yosemite Valley on center road.

Those desiring to rent camping outfits should ALWAYS make reservations before arrival. Requests for reservations should be addressed to Yosemite Housekeeping Headquarters, or may be made through Yosemite Park & Curry Co. agents at—

39 Geary Street, San Francisco, Calif.

511 South Spring Street, Los Angeles, Calif.

Hotel Fresno, Fresno, Calif.

Reservations will be held until 8 p. m. of the day of arrival. Campers who have made reservations will be shown to their camps up to 8 p. m. If no reservation has been made and campers arrive at the Yosemite Housekeeping Headquarters not later than 4 p. m., they will be taken care of, if equipment is available. Campers traveling by automobile may notify Yosemite Housekeeping Headquarters of delay in arriving by telephoning, if within the park, from the ranger's checking stations. For those who have made reservations, camping outfits will be ready and set up in the most desirable sites available. A charge of \$2.50 will be made for moving outfits from one site to another or for placing outfits in special sites.

Baggage, express, parcel post, and freight must be tagged or labeled with owner's name and permanent address and plainly marked "Care Yosemite Housekeeping Headquarters, Yosemite National Park, Calif."

Baggage checked by railroad must be checked through to Yosemite Housekeeping Headquarters and not to El Portal. A charge of \$1.50 per trunk and 50 cents per piece of hand baggage will be made by checking agent. Checked baggage will be delivered to Yosemite Housekeeping Headquarters, if so checked. For moving baggage between headquarters and camp sites a charge of 50 cents per trunk and 25 cents per piece of hand baggage will be made.

Authorized rates for rental of regular outfits

[Payable in advance. No outfits will be rented for less than one (1) week. For each day over one week, the charge is one-seventh of the first week's rate. For each day over two weeks, the charge is one-seventh of the second week's rate.]

INDEPENDENT CAMPING TOURS

FROM YOSEMITE VALLEY

For those wishing to visit many of the beauty spots of the High Sierra, camping out may be enjoyed under most ideal conditions. The Yosemite Transportation System maintains an outfitting station in Yosemite Valley for independent camping tours into the high mountains.

The Yosemite Valley and its immediate surroundings are but a very small portion of the park. Far afield in the higher mountains are splendid forests, beautiful lakes, and streams where excellent camping places and trout fishing may be found. Many rugged

peaks of the High Sierra command magnificent views and invite the mountain climber, while trails lead in all directions to points of interest and beauty.

The matter of proper clothing and personal effects is an important one, as the lack of necessities tends to discomfort, while the common mistake of bringing too many or unnecessary articles proves a serious annoyance and often robs an outing of much of its pleasure. The following list is suggested as being suitable for a month's trip:

- 2 suits medium-weight underwear.
- 2 woolen and 1 cotton shirt (or waists).
- 6 pairs socks or stockings (medium to heavy).
- 1 old business suit or outing suit, or skirt of khaki, corduroy, or whipcord.
- 1 extra pair trousers, riding breeches.
- 1 sweater.
- 1 pair flannelette pajamas.
- 1 pair stout walking shoes with puttees or leggings (or boots, if preferred).
- 1 pair comfortable light shoes for camp.
- 1 soft felt or cloth hat with fairly wide brim.
- 1 pair gloves or gauntlets.
- 2 bandannas and 3 khaki handkerchiefs.

Very light-weight raincoat for possible storm and bathing suit are sometimes desirable.

Sundry articles which will be found useful are toilet articles (essential ones only), tinted glasses, adhesive tape, small electric flash lamp, map, compass, matches, knife, fishing tackle, and fishing license, and camera and plenty of films.

The prospective camper may be fully equipped after arrival in Yosemite Valley. Tents, bedding, cooking utensils, outing clothes, fishing tackle—in fact, everything essential to camping—may be purchased or rented from the camping-tours department of the Yosemite Transportation System in Yosemite Valley at reasonable rates regulated by the National Park Service. Provisions may be obtained at the Yosemite stores.

Saddle and pack animals may be secured and the necessary guide service obtained for camping tours from the Yosemite Transportation System at Yosemite Valley, at the following rates:

Authorized rates for saddle and pack animal and guide service for high-mountain camping tours—minimum seven days

Saddle and pack animals, per day.....	\$3.00
Guide, with horse, per day.....	7.00
Packer, with horse, per day.....	7.50
Cook, with horse, per day.....	7.00-10.00

When campers secure the service of guides, packers, or cooks, they are required to furnish meals to such employees as accompany them.

If guides do not accompany animals, parties hiring same will be accountable for loss or damage to stock or equipment.

Campers should pack their clothing and personal effects in dunnage bags rather than in suit cases or grips, which are likely to be damaged while a trail trip is in progress. Dunnage bags may be rented in the park at a nominal rate. A deposit on rented equipment is required and is refunded upon its return.

RENTAL EQUIPMENT FOR HIGH-MOUNTAIN CAMPING TOURS

The Yosemite Transportation System at Yosemite Valley will rent the following camping equipment at rates named for high-mountain camping-tour parties using saddle and pack animals. Groceries may be purchased at Yosemite store, at Yosemite Valley. All rentals charged for at a minimum price of one week, additional days charged for at proportionate price per day.

ALL-EXPENSE CAMPING TOURS

All-expense camping tours are operated by the Yosemite Transportation System from Yosemite Valley for parties who desire to have all the many details of preparation and management of a camping trip arranged for them. Complete outfits will be made up for trips of a week or more, including the guides, packers, cooks, saddle animals, pack animals, provisions, canvas shelter, cooking utensils, bedding, etc., necessary for a comfortable camping trip.

The Yosemite Transportation System will gladly assist parties in arranging their itineraries should such assistance be desired. Address Yosemite Transportation System, Yosemite National Park, Calif.

RULES AND REGULATIONS

(Approved March 5, 1926, to continue in force and effect until otherwise directed by the Secretary of the Interior)

GENERAL REGULATIONS

The following rules and regulations for the government of the Yosemite National Park are hereby established and made public pursuant to authority conferred by the acts of Congress approved October 1, 1890 (26 Stat. 650), February 5, 1905 (33 Stat. 702), June 11, 1906 (34 Stat. 831), and the act of August 25, 1916 (39 Stat. 535), as amended June 2, 1920 (41 Stat. 732):

1. *Preservation of natural features and curiosities.*—The destruction, injury, defacement, or disturbance in any way of the public buildings, signs, equipment, or other property, or the trees, flowers, vegetation, rocks, mineral, animal, or bird, or other life is prohibited: *Provided*, That flowers may be gathered in small quantities when, in the judgment of the superintendent, their removal will not impair the beauty of the park.

2. *Camping.*—In order to preserve the natural scenery of the park and to provide pure water and facilities for keeping the park clean, permanent camp sites have been set apart for tourists visiting the park in their own conveyances, and no camping is permitted outside the specially designated sites. These camps have been used during past seasons; they will be used daily this year and for many years to come. It is necessary, therefore, that the following rules be strictly enforced for the protection of the health and comfort of the tourists who visit the park in their own conveyances.

(a) Combustible rubbish shall be burned on camp fires and all other garbage and refuse of all kinds shall be placed in garbage cans, or, if cans are not available, placed in the pits provided at the edge of camp. At new or unfrequented camps garbage shall be burned or carried to a place hidden from sight. *Keep the camp grounds clean.*

(b) There are thousands of visitors every year to each camp site in Yosemite Valley, and the water in the creeks and streams adjacent is not always safe to drink. The water supply provided is pure and wholesome and must be used. If, however, the water supply is not piped to grounds, consult rangers for sources to use. Tourists out on hiking parties must not contaminate watersheds of water supplies. They are indicated by signs, pipe lines, and dams. *There is plenty of pure water; be sure you get it.*

(c) No camp shall be placed within 25 feet of any well-defined watercourse, water hydrant, main road, or nearest tent.

(d) Campers and others shall not wash clothing or cooking utensils or pollute in any other manner the waters of the park, or bathe in any of the streams near the regularly traveled thoroughfares in the park without suitable bathing clothes.

(e) Stock shall not be tied so as to permit their entering any of the streams of the park. All animals shall be kept a sufficient distance from camping grounds in order not to litter the ground and make unfit for use the area which may be used later as tent sites.

(f) Wood for fuel only can be taken from dead or fallen trees.

3. *Camping in Yosemite Valley.*—All campers in Yosemite Valley shall first report at the office of the superintendent for assignment to camping sites, and shall not change camps without permission; nor shall fires be lighted in Yosemite Valley, except at camp sites, without the express permission of the superintendent.

4. *Fires.*—Fires constitute one of the greatest perils to the park; they shall not be kindled near trees, dead wood, moss, dry leaves, forest mold, or other vegetable refuse, but in some open space on rocks or earth. Should camp be made in a locality where no such open space exists or is provided, the dead wood, moss, dry leaves, etc., shall be scraped away to the rock or earth over an area considerably larger than that required for the fire.

Fires shall be lighted only when necessary and when no longer needed shall be completely extinguished, and all embers and bed smothered with earth or water, so that there remains no possibility of reignition.

Especially care must be taken that no lighted match, cigar, or cigarette is dropped in any grass, twigs, leaves, or tree mold.

5. *Hunting.*—The park is a sanctuary for wild life of every sort and all hunting or the killing, wounding, frightening or capturing at any time of any wild bird or animal, except dangerous animals, when it is necessary to prevent them from destroying human lives or inflicting personal injury is prohibited within the limits of said park.

The outfits, including guns, traps, teams, horses, or means of transportation of every nature or description used by any person or persons engaged in hunting, killing, trapping, ensnaring, or capturing birds or wild animals within the limits of said park shall be taken up by the superintendent and held subject to the order of the Director of the National Park Service. Possession within said park of the dead bodies or any part thereof of any wild bird or animal shall be prima facie evidence that the person or persons having same are guilty of violating this regulation. Firearms are prohibited within the park except upon written permission of the superintendent. Visitors entering or traveling through the park to places beyond

shall, at entrance, report and surrender all firearms, traps, nets, seines, or explosives in their possession to the first park officer, and in proper cases may obtain his written leave to carry them through the park sealed. The Government assumes no responsibility for loss or damage to any firearms, traps, nets, seines, or other property so surrendered to any park officer, nor are park officers authorized to accept the responsibility of custody of any property for the convenience of visitors.

NOTE.—The foregoing regulation is in effect a declaration of the law on this subject contained in sections 5 and 6 of the act of Congress, approved June 2, 1920 (41 Stat. 732) accepting cession by the State of California of exclusive jurisdiction of the lands embraced within the Yosemite National Park, Sequoia National Park, and General Grant National Park, respectively, and for other purposes.

This act by its terms applies to all lands within said park whether in public or private ownership.

6. *Fishing.*—Persons desiring to fish in the waters of Yosemite National Park must secure a sporting fishing license, as required by the laws of California. These laws provide that every person over the age of 18 years who obtains fish without first taking out a license is guilty of a misdemeanor. The license fee for residents is \$1; for nonresidents, \$3. These licenses may be obtained from any county clerk, from the State board of fish and game commissioners, at any hotel, lodge, or camp in the park, or at the general store in Yosemite Village. All fishing must be done in conformity with the State laws regarding open season, size of fish, and limit of catch, except as otherwise defined in the following paragraph. Fishing with nets, seines, traps, or by the use of drugs or explosive, or in any other way than with hook and line, or for merchandise or profit, is prohibited. Fishing in particular water may be suspended, or the number of fish that may be taken by any one person in any one day from the various streams or lakes may be regulated by the superintendent. All fish hooked less than 6 inches long shall be carefully handled with moist hands and returned at once to the water, if not seriously injured. Fish retained shall be killed. The limit for a day's catch shall be 10 fish. Possession of more than this limit by any one person shall be construed as a violation of this regulation.

7. *Private operations.*—No person, firm, or corporation shall reside permanently, engage in any business, or erect buildings in the park without permission in writing from the Director of the National Park Service, Washington, D. C. Applications for such permission may be addressed to the director or to the superintendent of the park.

8. *Cameras.*—Still and motion picture cameras may be freely used in the park for general scenic purposes. For the filming of motion pictures requiring the use of artificial or special settings, or involving

the performance of a professional cast, permission must first be obtained from the superintendent of the park.

9. *Gambling*.—Gambling in any form, or the operation of gambling devices, whether for merchandise or otherwise, is prohibited.

10. *Advertisements*.—Private notices or advertisements shall not be posted or displayed within the park, excepting such as the park superintendent deems necessary for the convenience and guidance of the public.

11. *Mining claims*.—The location of mining claims is prohibited on Government lands in the park.

12. *Patented lands*.—Owners of patented lands within the park limits are entitled to the full use and enjoyment thereof; the boundaries of such lands, however, shall be determined, and marked and defined, so that they may be readily distinguished from the park lands. While no limitations or conditions are imposed upon the use of private lands so long as such use does not interfere with or injure the park, private owners shall provide against trespass by their livestock upon the park lands, and all trespasses committed will be punished to the full extent of the law. Stock may be taken over the park lands to patented private lands with the written permission and under the supervision of the superintendent, but such permission and supervision are not required when access to such private lands is had wholly over roads or lands not owned or controlled by the United States.

13. *Grazing*.—The running at large, herding, or grazing of livestock of any kind on the Government lands in the park, as well as the driving of livestock over same, is prohibited, except where authority therefor has been granted by the superintendent. Livestock found improperly on the park lands may be impounded and held until claimed by the owner and the trespass adjusted.

14. *Authorized operators*.—All persons, firms, or corporations holding franchises in the park shall keep the grounds used by them properly policed and shall maintain the premises in a sanitary condition to the satisfaction of the superintendent. No operator shall retain in his employment a person whose presence in the park may be deemed by the superintendent subversive of good order and management of the park.

All operators shall require each of their employees to wear a metal badge, with a number thereon, or other mark of identification, the name and the number corresponding therewith, or the identification mark, being registered in the superintendent's office. These badges must be worn in plain sight on the hat or cap.

15. *Dogs and cats*.—Dogs are not permitted on Government lands in the park, except that they may be transported across that portion of the park traversed by the Tioga Road provided they are kept under leash while within the confines of the park.

Cats are prohibited, except that permits may be issued by the superintendent, in his discretion, to local residents and operators for protection against rodents.

16. *Dead animals*.—All domestic or grazed animals that may die on Government lands in the park, at any tourist camp, or along any of the public thoroughfares shall be buried immediately by the owner or person having charge of such animals at least 2 feet beneath the ground, and in no case less than one-fourth mile from any camp or thoroughfare.

17. *Travel on trails*.—Pedestrians on trails, when saddle or pack animals are passing them, shall remain quiet until the animals have passed.

Persons traveling on the trails of the park, either on foot or on saddle animals, shall not make short cuts, but shall confine themselves to the main trails.

18. *Travel—General*.—(a) Saddle horses, pack trains, and horse-drawn vehicles have right of way over motor-propelled vehicles at all times.

(b) On sidehill grades throughout the park motor-driven vehicles shall take the outer side of the road when meeting or passing vehicles of any kind drawn by animals; likewise, freight, baggage, and heavy camping outfits shall take the outer side of the road on sidehill grades when meeting or passing passenger vehicles drawn by animals.

(c) Load and vehicle weight limitations shall be those prescribed from time to time by the Director of the National Park Service and shall be complied with by the operators of all vehicles using the park roads. Schedules showing weight limitations for different roads in the park may be seen at the office of the superintendent and at the ranger stations at the park entrances.

(d) All vehicles shall be equipped with lights for night travel. At least one light must be carried on the left front side of horse-drawn vehicles in a position such as to be visible from both front and rear.

19. *Miscellaneous*.—(a) Campers and all others, save those holding licenses from the Director of the National Park Service, are prohibited from hiring their horses, trappings, or vehicles to tourists, visitors, or other persons in the park.

(b) The picking or removal in any way of fruit from any of the orchards in Yosemite Valley is prohibited, except under permit issued by the superintendent.

(c) All complaints by tourists and others as to service, etc., rendered in the park should be made to the superintendent, in writing, before the complainant leaves the park. Oral complaints will be heard daily during office hours.

20. *Fines and penalties*.—Persons who render themselves obnoxious by disorderly conduct or bad behavior shall be subjected to the punishment hereinafter prescribed for violation of the foregoing

regulations, or they may be summarily removed from the park by the superintendent and not allowed to return without permission in writing from the Director of the National Park Service or the superintendent of the park.

Any person who violates any of the foregoing regulations shall be deemed guilty of a misdemeanor and shall be subject to a fine of not more than \$500 or imprisonment not exceeding 6 months or both, and be adjudged to pay all costs of the proceedings.

21. *Lost and found articles.*—Persons finding lost articles should deposit them at the nearest ranger station, leaving their own names and addresses, so that if not claimed by owners within 60 days articles may be turned over to those who found them.

AUTOMOBILE AND MOTOR-CYCLE REGULATIONS

Pursuant to authority conferred by the acts of Congress approved October 1, 1890 (26 Stat. 650), and August 25, 1916 (39 Stat. 535), as amended June 2, 1920 (41 Stat. 732), the following regulations covering the admission of automobiles and motor cycles into the Yosemite National Park are hereby established and made public:

1. *Entrances.*—Automobiles and motor cycles may enter and leave the park by any of the entrances, viz, Tioga Pass, Aspen Valley, Crane Flat, Merced Grove, El Portal, Wawona, and Mariposa Grove.

2. *Automobiles.*—The park is open to automobiles operated for pleasure, but not to those carrying passengers who are paying, either directly or indirectly, for the use of machines (excepting, however, automobiles used by transportation lines operating under Government franchise), and any person operating an automobile in contravention of the provisions of this regulation may be deemed guilty of its violation.

Careful driving is demanded of all persons using the roads.

The Government is in no way responsible for any kind of accident.

3. *Motor trucks.*—Motor trucks are admitted to the park under the same conditions as automobiles, except that the entrance fee may be prescribed by the Director of the National Park Service according to tonnage capacity. They are subject to the same regulations, except that trucks of more than 3 tons' capacity are prohibited on any of the park roads other than the El Portal Road and the roads on the floor of Yosemite Valley, where the capacity limit of 5 tons is fixed.

4. *Motor cycles.*—Motor cycles are admitted to the park under the same conditions as automobiles and are subject to the same regulations, as far as they are applicable. Automobiles and horse-drawn vehicles shall have the right of way over motor cycles.

5. *Intoxication.*—No person who is under the influence of intoxicating liquor and no person who is addicted to the use of narcotic drugs shall operate or drive a motor vehicle of any kind on the park roads.

6. *Roads; hours.*—The Tioga Road is open from July 15 to September 30, Big Oak Flat Road from June 1 to November 1, and the Wawona Road from May 1 to November 1. Opening dates are approximate only, as they are dependent upon snow conditions in the high mountain country. Travel over any park road may be restricted or entirely prohibited when in the judgment of the superintendent road conditions are unsuitable for travel.

The El Portal and Valley roads are open all of the year, except occasionally during the winter, when the Valley roads may be blocked with snow for short periods. These cases are rare, however, as the roads are cleared promptly after snowstorms.

Automobiles may enter the park only between the hours of 7 a. m. and 8 p. m. and leave only between the hours of 7 a. m. and 9.30 p. m.

On the Big Oak Flat Road between Gentry (station No. 2) and Floor of Valley (station No. 1), 4 miles, automobiles may go east, down grade, only on odd hours and may go west, up grade, only on even hours, speed in no case to exceed 15 miles per hour, except that between the hours of 6 a. m. and 9 a. m. these controls shall be opened for up-going traffic only; shall be closed entirely to up-going traffic between the hours of 8.30 p. m. and 6 a. m.; and shall be closed to down-going traffic between the hours of 9.30 p. m. and 9.30 a. m.

Automobiles shall travel between stations Nos. 1 and 2 on the Big Oak Flat Road within the hour, but in not less than 25 minutes.

7. *Permits.*—The owner or driver of each motor vehicle entering the park shall secure a permit at the entering ranger station. This permit will entitle the permittee to operate the particular motor vehicle indicated in the permit over any or all of the roads in the park. It is good for the entire season, expiring on December 31 of the year of issue, but is not transferable to any other vehicle than that to which originally issued. The permit shall be carefully kept so that it can be exhibited to park rangers on demand. Each permit shall be exhibited to the park ranger for verification on exit from the park.

8. *Fees.*—Fees for automobile and motor-cycle permits are \$2 and \$1, respectively, and are payable in cash only.

9. *Distance apart; gears and brakes.*—Automobiles while in motion shall be not less than 50 yards apart, except for purpose of passing, which is permissible only on comparatively level stretches of road or on slight grades. All automobiles, except while shifting gears, shall retain their gears constantly enmeshed. The driver of each automobile will be required to satisfy the ranger issuing the permit that all parts of his machine, particularly the brakes and tires, are in first-class working order and capable of making the trip; and that there is sufficient gasoline in the tank to reach the next place where it may be obtained. The automobile shall carry at least one extra tire. Motor cycles not equipped with brakes in good working order are not permitted to enter the park.

10. *Speeds.*—Automobiles and other vehicles shall be so operated as to be under the safe control of the driver at all times. The speed shall be kept within such limits as may be necessary to avoid accident. On the roads on the floor of Yosemite Valley speed not to exceed 30 miles per hour is permitted on straight stretches of open road, but speed shall not exceed 20 miles per hour when passing through villages or camps, crossing bridges, passing vehicles or pedestrians, at road intersections, or rounding curves where visibility is obscured.

On all other roads in the park speed is limited to 15 miles per hour on grades and when rounding sharp curves. On straight, open stretches when no vehicle is nearer than 200 yards speed may be increased to 20 miles per hour.

Motor trucks of more than 1½-ton's capacity are limited to a speed of not to exceed 15 miles per hour on all park roads.

11. *Horns.*—The horn shall be sounded on approaching curves or stretches of road concealed for any considerable distance by slopes, overhanging trees, or other obstacles, and before meeting or passing other automobiles, motor cycles, riding or driving animals, or pedestrians.

12. *Lights.*—All automobiles shall be equipped with head and tail lights, the headlights to be of sufficient brilliancy to insure safety in driving at night, and all lights shall be kept lighted after sunset when automobile is on the roads. The use of spotlights on motor vehicles while in motion is prohibited.

13. *Muffler cut-out.*—Muffler cut-outs shall be kept closed on Valley roads or while approaching or passing riding horses, horse-drawn vehicles, hotels, camps, or checking stations.

14. *Teams.*—When teams, saddle horses, or pack trains approach, automobiles shall take the outer edge of the roadway regardless of the direction in which they may be going, taking care that sufficient room is left on the inside for the passage of vehicles and animals. Teams have the right of way, and automobiles shall be backed or otherwise handled as may be necessary so as to enable teams to pass with safety. In no case shall automobiles pass animals on the road at a speed greater than 15 miles per hour.

15. *Overtaking vehicles.*—Any vehicle traveling slowly upon any of the park roads shall, when overtaken by a faster moving motor vehicle and upon suitable signal from such overtaking vehicle, give way to the right, in case of motor-driven vehicles, and to the inside, or bank side of the road, in case of horse-drawn vehicles, allowing the overtaking vehicle reasonably free passage, provided the overtaking vehicle does not exceed the speed limits specified for the road in question.

When automobiles, going in opposite directions, meet on a grade, the ascending machine has right of way, and the descending machine shall be backed or otherwise handled as may be necessary to enable the ascending machine to pass with safety.

16. Vehicles entering a main road from a secondary or private road shall yield right of way to all main-road travel.

17. *Accidents; stop-overs.*—If, because of accident or stop for any reason, automobiles are unable to keep going, they shall be immediately parked off the road, or where this is impossible, on the outer edge of the road. If on a one-way road, the automobile must wait where parked for the next hour schedule going in its direction of travel. If for any reason the automobile is stopped on the floor of Yosemite Valley, it shall be parked off on the right-hand edge of the road.

18. *Parking.*—Parking of motor vehicles in Yosemite Village, Camp Curry, and Yosemite Lodge is limited to space provided for that specific purpose. Parking is not permitted within the confines of any lodge or hotel camp or within any of the hotel grounds.

19. *Fines and penalties.*—Any person who violates any of the foregoing regulations shall be deemed guilty of a misdemeanor and shall be subject to a fine of not more than \$500 or imprisonment not exceeding six months or both, and be adjudged to pay all costs of the proceedings, or may be punished by revocation of the automobile permit and by immediate ejection from the park or by any combination of these penalties. Such violation shall be cause for refusal to issue a new automobile permit to the offender without prior sanction in writing from the Director of the National Park Service or the superintendent of the park.

20. *Time.*—Automobile drivers shall compare their watches with the clocks at checking stations.

21. *Reduced engine power, gasoline, etc.*—Due to the high altitude of the park roads, ranging from between 2,000 and 10,000 feet, the power of all automobiles is much reduced. A leaner mixture of gasoline and air is required, but on account of reduced engine power about 50 per cent more gasoline will be used per mile than is required at lower altitudes. Likewise, one gear lower will generally have to be used on grades than would have to be used in other places. A further effect that must be watched is the heating of the engine on long grades, which may become serious unless care is used. Gasoline can be purchased at regular supply stations as per posted notices.

Motor cycles equipped with single-speed engines will encounter serious difficulties in negotiating the heavy mountain grades, and drivers are warned against making the attempt with this class of machine.

22. *Garage.*—In Yosemite Valley automobiles may be housed at Camp Curry, Yosemite Lodge, and the general garage of the Yosemite Park & Curry Co. Complete repair garage service is provided at the Yosemite Park & Curry Co. garage. The Camp Curry garage provides a minor repair and adjustment service.
